otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM. The voting rights of shareholders shall be in proportion to their shares of the paid-up equity shares capital of the Company.

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (I) The voting period begins on Friday, 09th August, 2024 (9:00 A.M.) and ends on Monday, 12th August, 2024 (5:00 P.M.). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) i.e 06th August, 2024, (Tuesday), may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (II) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (III) Pursuant to **SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (IV) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode** is given below:

Share Transfer System:-

Effective 1st April, 2019 SEBI has amended Regulation 40 of the Listing Regulations, which deals with transfer or transmission or transposition of securities. According to this amendment, the requests for effecting the transfer of listed securities shall not be processed unless the securities are held in dematerialised form with a Depository. Therefore, for effecting any transfer, the securities shall mandatorily be required to be in demat form.

According to SEBI, this amendment will bring the following benefits:

- It shall curb fraud and manipulation risk in physical transfer of securities by unscrupulous entities.
- Transfer of securities only in demat form will improve ease, convenience and safety of transactions for investors.

Compliance of Share Transfer formalities: -

As per the requirement of Regulation 40(9) of the Listing Regulations, the Company has obtained the yearly certificates from the Company Secretary in practice for due compliance of share transfer formalities. National Security Depository Limited (NSDL) and Central Depository Services (India) Ltd. (CDSL) through the Company Registrar & Share Transfer Agent, M/s. MAS Services Limited, New Delhi.

A. De-mat initiative

Why Demat:-

- | | |
|--|--|
| ➤ Easy portfolio monitoring | ➤ Immediate transfer/trading of securities |
| ➤ No physical shares can be transferred from 1st April 2019 | ➤ Periodic status reports and information available on internet |
| ➤ Elimination of all risks associated with physical certificates | ➤ Saves the shareholder from going through cumbersome legal processes to reclaim the lost/ pilfered certificates |
| ➤ Elimination of bad deliveries & Faster settlement cycle | ➤ Postal delays and loss of shares in transit is prevented |

Likhami Consulting Limited

-
- Immediate transfer/trading of securities
 - No stamp duty is paid on transfer of shares
 - Faster disbursement of non-cash corporate benefits like Rights, Bonus, etc.
 - Ease related to change of address
 - Ensures faster communication to investors
 - Provides more acceptability and liquidity of securities

In view of the above, all the investors who are holding shares in physical form, should consider opening a de-mat account at the earliest and submit request for dematerialization of their shares in order to protect the liquidity of the shares.

Consulting Industry Outlook for 2024 and Beyond:

In our technology-driven world, no industry or business ever stands still, and consulting firms are no exception. The most critical takeaway we can gather from looking at these consulting trends collectively is that consulting firms must be just as agile and adaptable as they aim to make their clients.

Technologies like generative AI and cloud computing will become increasingly fundamental to the way organizations operate, and consultants must know how to leverage and integrate them into the solutions they develop and the strategies they recommend.

As they help clients navigate the changing landscape of generative AI and digital transformation, it will be essential for consulting firms to also up level their own delivery models and methods for engagement.

We'll explore these and other key consulting trends shaping the landscape in 2024 and beyond, including:

1. Generative AI
2. Evolving Hiring Practices and Skill Sets
3. Workplace Transformation and Remote Work
4. Digitalization and Digital Transformation

A strategic roadmap for growth:

The consulting industry in India is growing rapidly, and there are a number of strategies that can be taken to promote further growth in the coming years. Here are a few key strategies

- Embrace innovation: The consulting industry in India is constantly evolving, and firms that embrace innovation will be better positioned to succeed. This means investing in new technologies, developing new methodologies, and creating new ways to deliver value to clients.
- Nurture talent: The Indian consulting industry in India is facing a talent shortage, so it is important to nurture the talent that is available. This means investing in training and development, creating a positive work environment, and offering competitive compensation and benefits.
- Improve the quality of consulting services: The quality of consulting services in India is variable, and firms that want to grow need to focus on improving the quality of their offerings. This means having a strong understanding of the client's needs, providing clear and concise recommendations, and delivering results that meet or exceed expectations.
- Enhance consulting skills: The consulting industry in India is highly competitive, so it is important for consultants to have the skills and knowledge that clients are looking for. This means staying up-to-date on the latest trends, developing strong analytical and problem-solving skills, and being able to communicate effectively with clients.
- Partner with other firms: The consulting industry in India is becoming increasingly collaborative, so it will be fruitful for firms to partner amongst themselves to share resources and expertise. This could involve forming joint ventures, alliances, or strategic partnerships.

Industry Overview in India:

Financial consulting services mainly provide services related to accounting, auditing, finance, taxation, and regulations. The services not only help clients with finance transformation, defining and implementing risk management, compliance management, but also with the financial planning of projects, fiscal and tax-related matters, and the financial side of mergers and acquisitions, as well as financing and debt restructuring. Financial advisory mainly consists of transaction services, corporate finance, crisis and recovery, risk management, accounting advisory, tax advisory, real estate advisory, and forensics and litigation.

The Indian consulting Service Industry has grown significantly over the years, both in terms of size and the range of services provided. This positions it well in the global management consulting services market, which was valued at \$316.5 billion in 2021, and is projected to reach \$811.3 billion by 2031, growing at a CAGR of 10.2%.

Consulting as a service is a relatively new sector that came up around the late 19th century when the world's first modern consultancy firms were founded, The need arose as business started to move away from simple trading and traditional products to sectors that called for specialized knowledge in setting up, maintenance and growth. The global management consulting services market was valued at \$316.5 billion in 2021, and is projected to reach \$811.3 billion by 2031, growing at a CAGR of 10.2% according to Allied Market Research.

The Indian consulting service industry is growing at a fast pace and soaring towards new horizons. In recent years, the demand for specialist consulting services has been immensely sought by Indian customers and foreign customers. According to SEPC, the FDI equity inflow for the Indian consulting services industry has reached a new milestone of US\$ 1.05 billion in FY 20, out of total investments of US\$ 8.7 billion between April 2000 and March 2023 (DPIIT). Additionally, India's exports of professional and management consulting services was US\$ 36.95 billion in 2021-22.

In the past years, financial advisory continuously performed relatively stable throughout the crisis years and their aftermath, driven by three key factors. Amid economic turbulences, the demand for crisis and turnaround management grew strongly, while the demand for accounting advisory services and risk management took off not long after, particularly in the financial services sector.

The focus will also be on sectors including market research, consulting, engineering, and construction and will contribute to the target of \$375bn in FY25.

Basis of preparation and presentation of our Financial Statements:-

The Financial Statements have been prepared and presented under the historical cost convention, unless otherwise specifically stated, on the accrual basis of accounting and comply with the applicable accounting standards referred to in the Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.

SWOT Analysis of Consulting Industry:

Determine the Scope

The globalization frequently demands the integration of sophisticated technology, cross-border talent management, and supply chain optimization, all of which management consultants specialize in. Furthermore, as organizations must foresee and mitigate possible obstacles stemming from geopolitical uncertainty and market changes, the trend toward globalization has increased the need of strategic planning and risk management. In summary, the market for management consulting services is critical to assisting firms in capitalizing on global possibilities, overcoming international business challenges, and strategically positioning themselves for success in an increasingly linked world.

The purpose of the analysis constitutes the initial phase of carrying out a SWOT analysis and risk assessment. This entails recognizing the company's precise consulting services as well as the segment in which it conducts business. The scope must additionally encompass the firm's internal systems, including things like its employees, financial affairs, and facilities.

Determine your strengths and weaknesses

The next phase involves identifying the consulting firm's short comings as well as its strengths. Internal variables that grant the company an edge are referred to as strengths, whereas internal elements that impede its effectiveness are referred to as weaknesses. While determining strengths and weaknesses, take this into consideration:

- The company's industry brand image.
- The consultants' knowledge and experience.
- The standard of services provided.
- The pricing plan.
- The degree to which customers are satisfied.
- Internal process effectiveness.

Recognize Opportunities and Threats

The third stage involves determining the consulting firm's opportunities as well as threats. Opportunities pertain to outside variables at play that a company may capitalize on to boost its efficiency, whereas threats are external forces that can hurt it.

Rising demand for digital transformation is projected to boost the demand for management consulting services market. Businesses in a variety of industries are recognizing the need of embracing digital technology in order to preserve competitiveness and stimulate innovation.

Consultants play a vital role in designing coherent digital strategies linked with corporate objectives, locating suitable technology, and establishing solid implementation plans. Their assistance is particularly critical in supporting the smooth integration of emerging technologies like artificial intelligence, cloud computing, data analytics, and automation.

When highlighting opportunities and risks, take this into consideration:

- The market's dimensions
- The quality of rivalry
- The legislative standards
- Technological progress
- Customer preference shifts

CIN No.: L45209WB1982PLC034804

Identify Potential Risks

Following the completion of the SWOT analysis, the consulting firm must pinpoint the risks. Consider possible incidents or circumstances which might have an adverse effect on the company.

Lack of access to the latest technology and tools is projected to hinder the management consulting services market during the forecast period. The difficulty in acquiring access to the most recent technology and tools is expected to be a barrier for the management consulting services market during the projected period. In the continually expanding convergence of business and technology, consulting companies must be knowledgeable about cutting-edge technologies and digital breakthroughs in order to provide effective and relevant solutions.

Competition and differentiation: The biggest challenge for Indian consulting firms is to compete with large global players in the market. There is a need for Indian consultancy sectors to define their specializations and differentiate themselves.

Client expectations: Client expectations have evolved, demanding more tangible and data-driven results from consulting projects. Meeting these expectations while balancing practicality was a challenge.

Internal Risks: Internal risks are those risks associated with the consulting firm's internal systems. These might very well include personnel issues, financial insecurity, or technology factors.

External Risks: External risks are those which are caused by outside variables including regulatory changes, market fluctuations, or natural catastrophes.

Risk Evaluation

When potential threats are identified, they must be evaluated. This entails taking into account the probability and potential effect of every risk.

The probability that a danger will take place is referred to as its likelihood. More focus and prepping would be required for risks that are more prone to happening.

The effect of risk is the potential danger it might end up causing to the consulting company. Risks with the possibility of having an important effect on the firm will necessitate more focus and preparation.

Create Mitigation Techniques

The next phase is to devise risk-mitigation strategies for all the threats that were discovered in the step above. This entails determining strategies that can be adopted to lessen the effects and likelihood of the risks taking place. Specific, measurable, achievable, relevant, and time-bound approaches are needed (SMART). It is indeed critical to allocate resources or even delegate tasks for putting the tactics to use.

INDEPENDENT AUDITORS' REPORT

To the Members of Likhami Consulting Limited

Report on the Financial Statements: -

Opinion: -

We have audited the accompanying financial statements of Likhami Consulting Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year ended, and a summary of the significant accounting policies and other explanatory information. (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), of the state of affairs of the Company as at 31 March 2024, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion: -

We have conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters: -

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Other Information: -

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Director's Report including Annexure to Director's Report, Corporate Governance Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements: -

The Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("IND AS") specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility: -

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to

modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work, and (ii) to evaluate the effect of any identified misstatements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements: -

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.

“ANNEXURE B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 2(f) under the heading ‘Report on Other Legal and Regulatory Requirements’ section of our Report of even date)

Independent Auditors’ Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Likhmi Consulting Limited (“the Company”), as of 31st March, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls: -

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility: -

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting: -

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in

Likhmi Consulting Limited

42nd Annual Report 2023-2024

CIN No.: L45209WB1982PLC034804

accordance with authorisations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting: -

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion: -

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements as at and for the year ended 31st March, 2024

1. Significant Accounting Policies and Key Estimates and Judgements

1.1 Basis of Preparation of financial statements

These financial statements for the year ended 31st March, 2024 are the financial statements, the Company has prepared in accordance with Indian Accounting Standards ("Ind AS") consequent to the notification of The Companies (Indian Accounting Standards) Rules, 2015 (the Rules) issued by the MCA.

The financial statements have been prepared on accrual basis under the historical cost convention and ongoing concern concept, unless otherwise stated.

The financial statements have been prepared on a historical cost basis, except for certain financial assets measured at fair value as described in accounting policies regarding financial instruments.

Estimates

The preparation of the financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made which affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognized in the period in which the results are known/ materialized.

1.2 Summary of Significant Accounting Policies

a. Current versus Non-Current Classification

All assets and liabilities have been classified as current or non-current as per the Company's Operating Cycle (twelve months) and other criteria set out in the Schedule III to the Act.

b. Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Rendering of Services

Revenue from services are recognized pro-rata as and when the services are rendered. The Company collects Goods & Service Tax/ service tax (prior to 1st July 2017) on behalf of the government and therefore, it is not an economic benefit flowing to the Company and hence excluded from revenue.

Interest Income

For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where

Likhmi Consulting Limited

42nd Annual Report 2023-2024

CIN No.: L45209WB1982PLC034804

appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. Interest income is included in other income in the statement of profit and loss.

Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

c. Taxes

Tax expense is the aggregate amount included in determination of profit or loss for the period in respect of current tax & deferred tax.

Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits (MAT Credit Entitlement) and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

d. Property, Plant and Equipment

Property, Plant and Equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Likhmi Consulting Limited

42nd Annual Report 2023-2024

CIN No.: L45209WB1982PLC034804

Expenditure directly attributable to expansion projects are capitalised. Administrative, general overheads and other indirect expenditure (including borrowing costs) incurred during the project period which are not related to the project nor are incidental thereto, are charged to Statement of Profit and Loss.

Depreciation on property, plant and equipment is provided under Straight Line method at the rates determined based on useful lives of the respective assets and residual values which is in line with those indicated in Schedule II of The Companies Act, 2013.

The estimated useful life of the Property Plant and Equipment is given below:

Asset Group	Useful life (in years)
Factory Building	30
Electrical Installation	10
Non-factory Building	60
Furniture & Fixtures	10
Plant & Equipment	8-15
Office Equipment and Vehicle	5-8
Computers	3

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

e. Investment Property

Property that is held for Long Term rental yields or for capital appreciation or both and is not occupied by Company is classified as Investment Property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the statement of profit or loss in the period of de-recognition.

Estimated useful life of Investment Property for calculation of Depreciation is taken as stated in para (d) above.

f. Intangible Assets

Intangible assets comprise of implementation cost for software and other application software acquired/developed for in-house use. These assets are stated at cost, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably, less accumulated amortisation and accumulated impairment losses, if any.

Likhmi Consulting Limited

42nd Annual Report 2023-2024

CIN No.: L45209WB1982PLC034804

g. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

h. Retirement and other Employee Benefits

All employee benefits falling due wholly within twelve months of rendering the service are recognized in the period in which employee renders the related service and charged to the Statement of Profit & Loss.

Since numbers of employee employed by the Company for any part of the year or throughout the year were within the prescribed threshold limit of the relevant statute relating to Employees, hence, the provisions of Employees' Provident Funds and Miscellaneous Provisions Act, 1952, Payment of Bonus Act, 1965, Employees' State Insurance Act, 1948, Payment of Gratuity Act, 1972 and all other allied Labour Acts or laws or any other rules and regulations relating to Employees are not applicable to the Company.

The employees employed by the Company during the year under review or part of the year have not completed continuous service period of 5 years and there is not any un-availed/unutilized leave of any employees working with the Company at the year end. As such, they are not entitled for Gratuity, Leave encashment and Other Retirement benefits. Accordingly, no provision is required to be made in respect of the retirement benefits. Also, no such payment of any retirement benefits have been made during the year.

i. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

(i) Initial Recognition and Measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the settlement date, i.e., the date that the asset is delivered to or by the Company which generally coincides with the trade date.

(ii) Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a. Equity instruments at fair value through profit or loss (FVTPL)
- b. Debt instruments, if any, at amortised cost
- c. Equity Instruments in subsidiaries

a. Equity Instruments at Fair Value through Profit or Loss (FVTPL)

All equity investments in scope of Ind AS 109 are measured at fair value except equity investments in subsidiaries which are measured at cost as per Ind AS 27. For equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Likhami Consulting Limited

42nd Annual Report 2023-2024

CIN No.: L45209WB1982PLC034804

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

b. Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company

c. Equity Instruments in subsidiaries

Equity investments in Subsidiaries are carried at Cost, in accordance with option available in Ind AS 27 "Separate Financial Statements".

(iii) De-Recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the Company's balance sheet) when the rights to receive cash flows from the asset have expired.

(iv) Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

As a practical expedient, the Company uses historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates to determine impairment loss allowance on portfolio of its trade receivables.

Likhami Consulting Limited

42nd Annual Report 2023-2024

CIN No.: L45209WB1982PLC034804

Financial Liabilities

(i) Initial Recognition and Measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings or payables.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

(ii) Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

(iii) De-Recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

(iv) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j. Fair Value Measurement

The Company measures financial instruments, such as, quoted investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- (ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Likhami Consulting Limited

42nd Annual Report 2023-2024

CIN No.: L45209WB1982PLC034804

- (iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements at fair value on recurring basis the Company determines whenever transfers have occurred between levels in the hierarchy by reassessing categorisation at the end of each reporting period and discloses the same.

k. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

l. Cash Dividend to Equity Holders

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

m. Earning Per Share

Earning per share is calculated by dividing the net profit or loss before OCI for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n. Segment Reporting

The Company's operating business segments are organized and managed separately according to the nature of products or services provided, with each segment representing a strategic business unit that offers different products or services and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

o. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

p. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

q. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these

Likhami Consulting Limited

42nd Annual Report 2023-2024

CIN No.: L45209WB1982PLC034804

assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

(i) Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a. Taxes

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the losses and tax credits can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

b. Expected Credit Loss Model

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the Financial Assets. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. As a practical expedient, the Company uses historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates to determine impairment loss allowance on portfolio of its trade receivables.

r. Exceptional Items

When items of income and expense within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.
